

I am writing to you, because I have been notified that you may be discontinuing my local Air1 (the positive alternative) station, 89.1 and 90.5 FM, and I would ask you to please reconsider. Air1 has been such a blessing to me and my family for so long, and there isn't another radio station that plays the positive music that I enjoy. Air1 is just always there when I am feeling down, and over and over it continues to lift my back out of the pits. I know this is not just happening in Vermont but all over the nation, I have friends who are just as blessed with their Air1 stations in California. Well I just pray that you would continue to let my local Air1 stations continue to stay on the air. Radio just wouldn't be the same without Air1, I wouldn't be the same. Thank you for your time and God Bless
